

Price Match

Please contact our Customer Service Team with evidence of the lower price. This can be, for example, a copy of an advert or a reference to a web page that the team can use to verify the price based on the Terms & Conditions below. The more information you can provide the quicker and easier it will be for us to verify your price challenge to give you the best price possible. Price match changes can only be done through our call center on 0800 023 9290.

A price match must be claimed within 24 hours of being accepted by our Customer Services team, or this will expire. Therefore a new price match request will need to be generated.

The item must be in stock and the stock held physically with the price matching company.
